

# DigiPrime 2<sup>nd</sup> Webinar for Early Adopters in Automotive and Textile Sectors

In order to complement our ongoing efforts to create a better future for the European Circular Economy, we are delighted to invite you to join us for an informative “**Webinar for Early Adopters in Automotive and Textile Sectors**” on **DigiPrime**, a European project funded under Horizon 2020 which aims to develop a Digital Platform for the Circular Economy.

DigiPrime is a collaborative platform designed to facilitate knowledge exchange between companies and service providers in order to unlock/develop circular business cases based on the recovery and reuse of materials in all sectors. The platform will allow companies to share best practices and lessons learned across Europe, which will accelerate their transition towards circular economy models. As part of its validation and impact creation activities, the project aims to attract and collaborate with various organizations at the European level that can become the Early Adopters of the platform.

## Objectives of the webinar:

- Showcasing of DigiPrime capabilities and its benefits for the users;
- Identifying opportunities to use DigiPrime to your advantage;
- Results achieved so far through pilot projects;
- Develop a strategy for meeting new stakeholders and start using DigiPrime;
- Open questions from participants.

## Benefits of participating in the webinar:

- Immediately increase visibility at the European level.
- Have the ability to request development of the platform based on your needs
- Have priority access to the platform and its services over the next two years, with the appropriate assistance from project partners free of charge.
- Discounts on any paid plans following the project's completion in 2024.
- Ability to construct your own platform instance dedicated just to your network.
