

## **COMPETITIVE CALL: NEW PARTNER**

### **BIOAGROTEX: Development of new agrotexiles from renewable resources and with a tailored biodegradability - FP7- NMP-SME: 213501**

The "BIOAGROTEX" project (1/10/08 – 30/9/2012) has as key objective to develop novel textiles from renewable resources and with a controlled biodegradation. At the moment we are searching for an industrial partner SME who can fulfil tasks related to the up-scaling of experimental preparation of natural fibre based material. More information can be found at: [www.bioagrotex.eu](http://www.bioagrotex.eu) and [www.centexbel.eu](http://www.centexbel.eu)

Interested companies are requested to send in their candidature. Deadline for introduction: 3<sup>th</sup> April 2009 at 17.00 Brussels Time
