

**Transnational cooperation project funded by
Interreg CENTRAL EUROPE
No. CE1136**

Duration: 07/2017 – 06/2020

Expert network on textile recycling

ENTeR working in five central European countries that are involved in the textile business, focuses on waste reduction in the textile industry. It aims to promote innovative solutions for waste management that will result in a circular economy approach to making textiles. Aim of the project is to establish the Virtual Centre which will accelerate cooperation between the involved textile territories, promoting a joint offer of innovative services by the main local research centres and business associations.
